## CAREER OBJECTIVE

---

- Full-stack oriented software professional with 1.6+ years of experience, proficient in Angular and TypeScript, with foundational knowledge of Java and Spring Boot for scalable application development. Strong understanding of UI architecture, RESTful integrations, and clean coding practices to build robust and maintainable systems.
- Experienced in automation and manual testing using Playwright with a quality-focused mindset, complemented by prior exposure to data science fundamentals and analytical problem-solving. Committed to delivering efficient, user-centric solutions with attention to performance, reliability, and continuous improvement.

## TECHNICAL SKILLS

---

<b>Programming Languages</b>	Java, C#, Python
<b>Frameworks</b>	Spring Boot, MVC, MERN stack, Selenium, PlayWright
<b>Web Technology</b>	Angular, React, Tailwindcss, HTML, CSS, SEO
<b>Database</b>	MySQL
<b>Tools</b>	GitHub, Jira, WordPress, Power BI

## PROFESSIONAL EXPERIENCE

---

<b><u>CitiusTech Healthcare Solutions</u></b>	June 2024 - Current
<b>Software Engineer</b>	<i>Mumbai, Maharashtra</i>
<ul style="list-style-type: none"><li>• Developing and enhancing Angular components and RESTful integrations for a U.S.-based medical imaging application supporting DICOM, MR, CT, and other scan types.</li><li>• Collaborating with product teams to implement features that improve diagnostic workflow efficiency and visualization capabilities for radiology studies.</li><li>• Conducting code reviews, resolving defects, and optimizing UI performance to ensure reliability and seamless handling of large medical image datasets.</li><li>• Previously assisted in quality validation with light Playwright automation and manual testing to maintain accuracy, compliance, and application stability.</li></ul>	

## PERSONAL PROJECTS

---

<b><u>Hotel Management System</u></b>	October 2025 - Current
<b>Technology Used - Angular, Java, MVC, Spring, MySQL</b>	
<ul style="list-style-type: none"><li>• Developed a hotel management web application enabling room booking, customer registration, and reservation tracking with real-time availability updates.</li><li>• Implemented role-based access and secure authentication to streamline admin operations such as room status, billing, and check-in/check-out management.</li><li>• Designed a user-friendly interface to digitalize hotel workflows and reduce manual tasks.</li><li>• Implemented database operations for room, billing, and customer data handling.</li></ul>	
<b><u>FlyEase - Web-based Flight Ticket Booking Application</u></b>	May 2023 - October 2023
<b>Technology Used - Java, MVC, Spring, JSP, JPA, MySQL</b>	
<ul style="list-style-type: none"><li>• Developed a web-based flight ticket booking application using the Spring Boot MVC framework.</li><li>• The application enables users to search for flights, access flight details for more than 10 options as source and destination, and make online bookings.</li><li>• Accelerated system performance and reliability by testing, Increased user satisfaction ratings by 20% and simplified administrative tasks.</li></ul>	
<b><u>Expense Tracker System</u></b>	September 2023 - October 2023
<b>Technology Used - React, Node.js, Express, MongoDB (MERN stack)</b>	
<ul style="list-style-type: none"><li>• Designed and developed an Expense Tracker application for efficient income and expense management.</li><li>• Implemented add, update, and delete features with categorized tracking for accurate financial records.</li><li>• Integrated visual analytics using multiple charts to simplify financial analysis for users.</li></ul>	

## EDUCATION

---

**Masters Of Computer Application**

*Sardar Patel Institute Of Technology*

November 2022 - June 2024

*Andheri, Mumbai*

**Bachelors of science in Computer Science**

*D.G. Ruparel College*

August 2019 - May 2022

*Mahim, Mumbai*

## CERTIFICATIONS

---

**Data Science with Machine Learning**

June 2024

**Python For Data Science by IBM**

September 2022

**Google Digital Unlocked**

May 2019
